

Topsey Water Supply Corporation
4371 FM 1113
Copperas Cove, Texas 76522.

Dear Topsey Water Supply Corporation (TWSC) Members,

13 November 2024

On 18 September 2024, the City of Copperas Cove Utility Administration (CCCUA) announced a water rate increase effective 1 October 2024. The CCCUA's rate increase is due to their price increase in supplies, materials, maintenance, and other operational costs. As a result, TWSC water rates must increase to meet the higher cost of water supplied by the City of Copperas Cove. You can view the CCCUA's notice at <https://www.topseywsc.org/>.

The increased water rates will go into effect during December 2024's meter reading and appear on the January 2025 notice. The TWSC Board voted to establish the following water usage tier that associates the cost with TWSC account volume utilization.

Water Usage From	To	Current Cost per 1,000 Gallons	New Cost per 1,000 Gallons
0 gallons	5,000 gallons	\$5.25	\$6.30
5,001 gallons	10,000 gallons	\$6.75	\$8.10
10,001 and higher gallons		\$8.25	\$9.90

This rate increase only keeps TWSC aligned with the CCCUA's cost increase. Please contact the TWSC President at (254) 462-2777 if you have any questions or visit our 6:00 pm meeting on the second Tuesday of each month. We would love to see you.

President
